"Summertime"

What have we done?
We have lessened our thoughts on love
Some say, there is as many as three
But I believe that there's one for me
One for me

If God could make the stars in the sky
Then why can't He make a perfect
"you and I"?
And we shouldn't even have to try
Or compromise in our lives

CHORUS

And it will feel like summertime
When I'm by your side, my skies are blue
And I will this every time
Like oceans wide, my love for you
My love for you

I believe in the soulmate kind of dreams
Where even in the trials we'll say it's all worthwhile
And in our lives there's an
orchestra of things
Both major and minor keys, but
Love will always sing

REPEAT CHORUS

And through time, our hearts
will melt and mold together
You know, despite what people say
I'll hold to the promise of that day forever.

REPEAT CHORUS

Explanation:

"We were talking with our friend Jude about the idea that if this huge God created all the stars and all these amazing things, why can't He give you the one thing your heart longs for-that perfect person in your life? Everybody has an opinion on the subject of soul

mates and is there
such a thing as true love. it can be debated for hours,
but at the end of
the day, you have to believe your own convictions and
decide for yourself
if you're going to wait for that feeling-this is the one,
this is right. It's a fun
song but not cheesy lyrically."-Natalie & Phillip
