Full Surface yeah yeah
Listen what the fuck I gotta say
I'm not a rapper, dog

I'm from the hood
I love the hood
I rep the hood
I lived in the hood
Started on the grind started with a nine
Motherfucker, I had to earn mine
A lot of niggas hatin'
A lot of niggas watching
A lot of niggas plotting
A lot of hearts stopping
I'm banging with the beats
I'm banging in the streets
I'm banging with the heat
S to the double
I to the double Z
Niggas look at me
Want no trouble B
I'm just minding my business
Making money, stacking chips just minding my
business
You can catch me in a 360L or Padina (?)
Going down to Pasadena
The rubber will peel
Your head will peel
Your bitches will squeal
That's when these hoes dying
Cause if I'm in court, (listen) guaranteed I'm lying
Fuckers, I had to get my business right
Had to get my money right
Had to get my label right
You can hate all you want, but I'm here forever
Swizz Beatz Part Whatever

Beats that'll flip over your Bentley X-Rs
Beats that'll make niggas ready for wars
Beats for deaf, beats for blind
Beats that'll make a thug nigga wanna cock his nine
