There were times you maked me cry  
lookin for a reason why  
There were times you make me fly  
stay with me untill I die

There were times you maked me cry  
lookin for a reason why  
There were times you make me fly  
stay with me untill I die

stay with me  
stay with me, til the end of the world  
stay with me, til the end of the world  
til the end of the world  
til the end of the world

yeaahh.....o nana..o nana

There were times you maked me cry  
lookin for a reason why  
There were times you make me fly  
stay with me untill I die

stay with me  
play with me, til the end of the world  
stay with me, til the end of the world  
til the end of the world

yeaahh.....o nana..o nana

stay with me  
play with me, til the end of the world  
stay with me, til the end of the world  
til the end of the world

o nana.. o nanana...
