Driving in my car, feeling alright  
City light so bright, bring back my memories  
Pictures of that night, holding you tight  
Now you're so far away, light years away from me

Sometimes I feel  
I feel you by my side, you are a part of me  
Deep inside  
Oh I can feel  
I feel that in the night, you will return to me

I remember  
How we danced into the light  
I remember  
Like it was yesterday  
I remember  
How it felt to hold you tight  
I remember  
Like it was yesterday

Like it was yesterday

Sometimes I feel  
I feel you by my side, you are a part of me  
Deep inside  
Oh I can feel  
I feel that in the night, you will return to me

I remember  
How we danced into the light  
I remember  
Like it was yesterday  
I remember  
How it felt to hold you tight  
I remember  
Like it was yesterday

Like it was yesterday

Who's that girl?  
Cause she is driving me insane

Who's that girl?  
I'd like to know her name
