Do you remember the summers, when we were still
under the impression that time would stand still just for
us.

Then like a dream it ended so suddenly, we couldn't
even speak.

we couldn't even speak.

But i've made peace with the past, cause i've got
something better than that. yeah, i've got something
better than better than that.

i've got yooouuuuuuu.

And i've got love in the present tense. I've got
yooouuuuuuu.

And i've got more of this to look forward to.

.....

Do you remember the things we said, were matters of
life and death.

Well they all seem less important to me now.

And like a dream it ended so suddenly, we couldn't
even speak.

We couldn't even speak.

But i've made peace with the past, cause i've got
something better than that. yeah, i've got something
better than better than that.

I've got yooouuuuuuu.

And i've got love in the present tense. I've got
yooouuuuuuu.

And i've got more of this to look forward to.

I've got yooouuuuu. (I've got yooouuuuu)

And I've got love in the present tense.

I've got you.
