One, two, three, four
Take me away to January
I'm done with this year
I'm tired of everyone here
I just need some time alone
Before I'm ready to come back home

There's gotta be something else out there for me
I could feel it in my heart the day I started to dream
There's more than this Midwestern town
I can't let this place keep me down

So I tell myself

There's a girl out on the coast of California
There's a world out there and it's waiting for you
And I can hear them calling my name, tonight

Take me away I need the sand and the waves, the
sunset
And let's not forget those warm Autumn days
I just need to get out of here
And visit the coast just to see her

There's gotta be something else out there for me
I could feel it in my heart the day I started to dream
There's more than this Midwestern town
I can't let this place keep me down

So I tell myself

There's a girl out on the coast of California
There's a world out there and it's waiting for you
And I can hear it calling my name, tonight

There's a girl out on the coast of California
There's a world out there and it's waiting for you
And I can hear it calling my name, tonight

Take me away to January
I'm done with this year
I'm tired of everyone here

I just need sometime alone
Before I'm ready to come back home
