Don't you dare to play with my feelings  
I can't take it anymore  
You spin the world around  
You turn me upside down  
I try to stay far away from you  
Far away from you

Why do you still try  
When you are the one to blame?  
Why do I still cry  
It'll never be the same?

Why do you still try  
When you are the one to blame?  
Why do I still cry  
It'll never be the same?

You are beggin' me to stay with you  
But you are drivin' me insane  
Get out of my way and I will walk alone  
I don't wanna be part of your game  
I don't wanna be part of your game

Why do you still try  
When you are the one to blame?  
Why do I still cry  
It'll never be the same?

Why do you still try  
When you are the one to blame?  
Why do I still cry  
It'll never be the same?
