Living your life
I wanna say you goodbye
Live your fantasy watch your luxury
but the one you'll lose is me

Living your life
I wanna say you goodbye
Live your fantasy watch your luxury
but the one you'll lose is me

enjoy

Lying on your bed
Living like a queen
Nothing to worry about this is what you see
I don't feel your love, I don't feel it anymore
just an empty space inside

like this
feel, feel
no more

Living your life
I wanna say you goodbye
Live your fantasy watch your luxury
but the one you'll lose is me

Living your life
I wanna say you goodbye
Live your fantasy watch your luxury
but the one you'll lose is me

Walking next to you
enjoying this I guess
Nothing that I have to do
Inside I'm just a mess
I don't feel your love, I don't feel it anymore
just an empty space inside

enjoy
my life

feel
no more
enjoy
like this

Living your life
I wanna say you goodbye
Live your fantasy watch your luxury
but the one you'll lose is me

Living your life
I wanna say you goodbye
Live your fantasy watch your luxury
but the one you'll lose is me
