I look into your eyes and I can see
A complete new world that opens to me

Crossing through the subways of your soul
I can see that true love's winning on
It feels right and that's what I want

Love feels so good
I'm gonna stay
I'm gonna let you feel what
I feel for you
The time is now
Let's live your fantasy (2x)

Love ...
Feels so good ...

Love...
I'm gonna stay here in your arms...

Feels so good
Gonna Stay
I wanna let you feel what
I feel for you

Time is now
Let's live your fantasy

Ooh
Fantasy
You know what

Time goes by and things went wrong
You and I seem not that strong

But in your world I found my way
Just to undo the lies that people say

We belong together and that for sure

Love feels so good
I'm gonna stay

I wanna let you feel what
I feel for you
The time is now
Let's live your fantasy

Love...
Feels so good ...
Love....
I'm gonna stay here in your world...
