Don't you worry about me, I'm yours to keep now
Don't you worry about me, I will live through this and
more
I have no other side, the bruises caught me up shy, the
bitter taste of a lie
I can't explain all the love I feel when I'm yours
Don't you worry about me, I've been used before

Don't you worry about me, I'm the rain and you're the
sea
I have no other side, the bruises caught me up shy, the
bitter taste of a lie
I can't explain all the love I feel when I'm yours
