"C'Mon Through"

It ain't so easy to love you true,
account of all the rattlesnakes and all that makes you
blue
but it's worth it, I, I love the thrill

Come, come, come
C'mon through, c'mon you, come dig right into my
heart
C'mon through, c'mon you, come dig right into my
heart

What is the body if not a place,
where you store all anger and happiness and pain
but it's worth it, I love the thrill

Come, come, come
C'mon through, c'mon you, come dig right into my
heart
C'mon through, c'mon you, come dig right into my
heart
C'mon through
C'mon through, c'mon you, come dig right into my
heart
