I feel destruction running hard through my veins  
But I see redemption rushing my way  
My victories are bittersweet, and now I can tell  
The only place my plans have led me is right where I  
fell

I'm overboard, too far from shore  
A castaway trying to make it home  
I catch my breath to save myself but I can't  
In my sight You were just in time  
I feel You now You're by my side  
And I know You gave me, a gift of a second chance

I had a dream of a life of my own  
And I had a place that I thought was my home  
But now I see I just can't have it any other way  
It's all or nothing, do or die and I'm the price I pay  
because

I'm overboard, too far from shore  
A castaway trying to make it home  
I catch my breath to save myself but I can't  
In my sight You were just in time  
I feel You now You're by my side  
And I know You gave me, a gift of a second chance  
(Second chance)

A second chance I won't forget  
A second life I won't regret  
A second wind to brave this night  
A second more to make it right  
(2x)

I'm overboard, too far from shore  
A castaway trying to make it home  
I catch my breath to save myself but I can't  
In my sight You were just in time  
I feel You now You're by my side  
And I know You gave me, a gift of a second chance  
(A gift of a second chance, ooh)  
(I'm a castaway, with a gift of a second chance)
