How many times have I broken Your heart  
And left You out to dry, but You, You forgive,

You forget, You let me start again

Even though it seems I won't change  
You still love me the same and so I will say  
I can't stop falling in love, I stand in awe  
In awe of You. Your love shines  
It shines like the stars  
Wherever You are You brighten the dark  
Wherever You are You shine through stars  
Time after Time I call to You  
And some how You come through  
There's no doubt in mind  
But You live Your life day by day  
Just trying to make a way  
A way for my dreams to come true  
You make all things brand new  
And so I will say I'll say  
I can't stop falling in love, I stand in awe

In awe of You. Your love shines  
It shines like the stars  
Wherever You are You brighten the dark  
Wherever You are, shine through the stars  
You're shining Your life into mine  
Taking each day You pray my cares away  
There's nothing left for me to say  
I can't stop falling in love, I stand in awe  
In awe of You. Your love shines  
It shines like the stars  
Wherever You are You brighten the dark

Wherever You are, wherever You are

Wherever You are, wherever You are  
Wherever You are, wherever You are  
Shine through the stars
