"One Drop Of Tear"

The separation of the three branches of government in
yesterday,
today and tomorrow are going on,
and i am losing my way endlessly in the time lag.

When i tried to drop my tears from the top of the cloud,
found i am there the tear was dancing and dropped.

One drop of tear spread and became a sea and
swallowed
the time and vanished for a moment.
I feel ease and free from twisted time.
Yes, i'm free, i try to bring back my future that was
closed in my eyes.
Come back again my future filled with the brightness
used be rejected by uninteresting

reality.

When i tried to drop my tears from the top of the cloud,
found the flower bloomed there the tear was dancing
and dropped.

One drop of tear spread and became a sea and
swallowed
the time and vanished for a moment.
I feel ease and free from twisted time.
Let's try to again, it's not bad to jump into the dreams.
The place my tear dropped is far and faraway-future
i've been a dreaming till now.
