Substans

Take this the world!

Dodge the dodge

Dodge the R!

Every time you walk away what I have with you

We are always jammed and stuffy in the bottom

What's wrong?!

It makes me feel so easy

Feel so nice staying in the bottom

We can see so,

We can see so more things

Substans

Take this the world!

To find the truth

Dodge the R!

Every time you walk away what I have with you

We are always get on the last train not really on time

What's wrong?!

It's a thrilling!

Feeling good by a hair's breadth in very narrow

See I'm alive!

It's awesome! more than anything!

Anything is all right
