what I'd give to  
be the one  
to have my name linger  
on your tongue

warm-hearted you  
became so numb  
I'm not on your tongue

will aspirins and alcohol  
somehow decrease the ache  
from knowing that you'll do to him  
the same you did to me  
that's nice, that's nice

thought they were mutual  
those loving words  
thought it was more than  
just making love

warm-hearted you  
became so numb  
I'm not on your tongue

will aspirins and alcohol  
somehow decrease the ache  
from knowing that you'll do to him  
the same you did to me  
that's nice, that's nice  
that's nice, that's nice
