Clean your voice, you got to clean your voice
If you don't hurt no more you have no choise
Clean your eyes, you got to clean your eyes
To see only false in someone is never nice

Clean your ears, you got to clean your ears
They are so full of your own fears
Clean your smile, you got to clean your smile
Seems like you have been dead atleast for a while

You are uninteresting, and why?
Because you are uninteresting your self

Clean your inside, you kot to clean your inside
It's not a pigsty ment for you to hide
Clean your soul, you got to clean your soul
There's life in there it's not a hole

Clean your space, you got to clean your space
That's about the field where your lives takes place
Clean your life, you got to clean your life
Atleast this covers some of the lies

You are uninteresting, and why?
Because you are uninteresting your self

You are shrinking blinder, for every year it seems
Your ignornace is growing thicker and thicker, and
thicker
And no one, no one appreciates that

Get out of my way, get out of my way
You are a hindrance for yourself, but not for me
And every day as every day
The sky is new but you are old

You hide in your cave, you hide in your cave
The battlestones are the hearts you've frozen
You are your own slave, you are your own slave
Striving under the life you have chosen

You are uninteresting, and why?
Because you are uninteresting your self
