Let me tell you
Let me tell you what you do what you do what you do to
me.

Take me away

Found you,
So happy I found you
What you do to me yeah
Come on and take me higher

[2x]
Take me away

Uuuuhhhhh-uuuuuuuhhh.
Sometimes I can get some downs
Sometimes I feel troubled
You take me awayyyy-yyy
I love you, uuuuhhhhh

What you do to me
Come on and take me higer

Take me away

Found you,
So happy I found you,
What you do to me yeah
Come on and take me higher-er

[2x]
Take me away
