I saw a sticker on the bumper of a car and I swear it
looked like it had been through hell.
I looked over on the passenger side, I think you were
asleep but I really couldn't tell.

She's the kind of girl that smiles when you wake up,
She really loves the beach and she's pretty without
makeup.
She listens to Johnny Cash and Dylan too,
I'm glad I found you, I'm so glad I found you.

She left her necklace on the table by my bed,
I wonder if she'll ever come back, I guess we'll see.
I'm thinking about everything I said,
I really hope I didn't make an ass of me.

She's a girl that'll look you in the eye
And she'll laugh for no reason,
But she'll never let you see her cry.
She listens to the Beatles and The Beach Boys too.
I'm glad I found you, I'm so glad I found you.

[CHORUS:]

She puts up with me with all my silly dreams and all of
my mood swings,
And all of my rock-n-roll fantasies and...
Well she's okay with my neurotic ways.
On my more eccentric days,
She puts up with me with my A.D.D. and my O.C.D

She's the girl that'll take care of me when I get old and
lose my short term memory,
And we can listen to Johnny Cash and Dylan like we've
never even heard the tunes.
I'm glad I found you.

[CHORUS:]

She puts up with me with all my silly dreams and all of
my mood swings,
And all of my rock-n-roll fantasies and...
Well she's okay with my neurotic ways.

On my more eccentric days,
She puts up with me with my A.D.D. and my O.C.D
