So this is the time where,
We scream for miracles,
You say you've seen this before,
Well is it easy now?
With the city dressed in such flames,
It's so hard to draw your eye,
Oh no from something so.

Not so easy now,
This is not so easy.

Oh no this town's not everything that it could be,
Tell me that's not honesty, tell me thats not honesty,
And oh and definatly a dose of catastrophe is,
Exactly what this town needs, Exactly what this town
needs.

No, we won't forget, we won't forget

So come on come on take a look, for the last time
We hold hands with this town no more,

And just like i swore, this isn't so easy now,
Can you see this town drown?

We won't forget

So head's up here come the spotlight, to show off this
town drowing,
We won't give up no not now,
Standing hand's on hip's mirrors satisfaction, we've
never felt this town's attraction
Hands up for letting this town drown

Oh no this town's not everything that it could be,
Tell me that's not honesty, tell me thats not honesty,
And oh and definatly a dose of catastrophe is,
Exactly what this town needs, Exactly what this town
needs.

Pray for this town,

Pray for this town
