I didn't mean to get you involved in this
I didn't think that it would come This far
Before I let you know
With every falling word I could not resist
What kind of person do you take me for

Charles you're so frightened by life
Been shy all my life
Don't come in between us
When we started to explain Ourselves to you
When we started to erase the pain from
Where we go no one will know
For we'll be alone
On this road

You've been whispering in corners telling jokes
But I've been plotting my revenge very carefully
_____ was mistaken then so was hope
So go ahead and crucify me more

Charles you're so frightened by life
Been shy all my life
Dont' come in between us

When we started to explain Ourselves to you
When we started to erase the pain from
Where we go no one will know
Where we'll be alone

The straw that broke your back
Was one you couldn't see
It came so silently
Left you with no time to react

Pick up your broken bones
Drag them behind you home
Maybe they're tools that you will need
So I don't have to watch you bleed
No I don't wanna watch you bleed

When we started to explain Ourselves to you
When we started to erase the pain from

Where we go no one will know
Where we'll be alone

You're so afraid
You're so alive
No one that sees
Kill you inside
Where do we go
You won't be alone
On this road
