And you fall into the rising sky
And you grab the
closure you need to breathe
I'm here
You're there
Still you're far too far from me

Give and take
Come and go
I'm painting the portrait
Of your shadows again
Where once the dirt
And the sun
They could warm your pale white skin

Catch me when I fall and
Kiss me right before we leave
You're the prettiest
princess
That I've ever seen

And I can't help it

Where are we running to
Just where
Do we really have to go?
My pennies won't take me too far
Put them in a jar
They'll be worth their weight in gold.

Catch me when I fall and
Kiss me right before we leave
You're the prettiest
princess
That I've ever seen

You're the prettiest
I'm the dirtiest
You're the prettiest
I'm the dirtiest
You're the prettiest
I'm the dirtiest
And I don't even know your name
You're the prettiest
I'm the dirtiest
And I

Don't even know your name

You're the prettiest
I'm the dirtiest
And I don't even know your name
You're the prettiest
And I don't even know your name
Know your name
Know your name
I don't
Even know your name
Your name
Your name
