Confusion

Delusion

Is what you're stirring up in me Why do we

Why don't we

I thought I felt that this was Meant to be

Na na na na na, na na na, na na

Na na na na na, na na na, na na

Na na na na na, na na-na-na-na

Confusion

Delusion

Is what you're stirring up in me Why do we

Why don't we

I thought I felt that this was Meant to be

On one hand, we are best friends But on the other,
wanna get inside

Connection

Rejection

That can wait 'cause I just made up my mind

You don't deserve me

How I can make you feel

Is presently surreal

You just don't deserve me

How I can make you feel, no no

Is presently surreal

Na na na na na, na na na, na na

Na na na na na, na na na, na na

Pure beauty

But silly

You should try listening to your heart

Heard nice guys finish last

But this one didn't even get to start

So what is

The problem

What is it you just cannot see

Could it be

That you're silly,
Or maybe it's that the problem lies in me

You don't deserve me
How I can make you feel
Is presently surreal

You just don't deserve me
How I can make you feel, no no
Is presently surreal

Go!

You don't deserve me
How I can make you feel
Is presently surreal

You just don't deserve me
How I can make you feel, no no
Is presently surreal
