Seeing you, not seeing you

I'm leaving you this time

Do I have to pay for your silence?

Friendly skies

Across this bridge above time

All the right kind of love

Would never do for you

Never break through

Never cut through

This earth that you walk upon

Smoke

Another little bit

From your cigarette

Stall for more time

This sting

The ringing

This silence

You stole all the words

When will we cross this line

From the worst of what we thought was right

Is it fair that you keep quiet

For friendly lies

Across this bridge above time

All the right kind of love

Would never do for you

Never break through

Never cut through

This earth that you walk upon

Earth that you walk upon

Smoke

Another little bit

From your cigarette

Stall for more time

This sting

The ringing

This silence

You stole all the words

You stole all the words

So with your exit sign on the dotted line

So you don't gotta waste your time with me, no

Now with your exit sign on the dotted line

Let it go

Let it go

Let it go

Let it go

Let it go

Smoke

Another little bit
From your cigarette
Stall for more time
This sting
The ringing
This silence
You stole all the words
And I ain't buyin it
Smoke
Another little bit
From your cigarette
Stall for more time
Just smoke
Another little bit
From your cigarette
Stall
Smoke
Another little bit
From your cigarette
Stall for more time
Just smoke
Another little bit
From your cigarette
Stall
Smoke

Another little bit

From your cigarette

Stall for more time
