How can you make me feel that way  
Make me feel like I shouldn't go  
Or will you judge me and not believe  
Can you carry me away

Someday give me strength

Lift me up like a body underwater  
I could fly before too long  
Hole me up  
Make me rich  
Make me stronger  
Make me feel like I belong

Someday give me strength  
The birds in my head fly away

Don't, don't go  
No need to run away  
Let the street signs guide me  
Don't, don't go  
No need to run away  
Let the street signs guide me

Soon and it got whatcha got but you didn't  
Only you wanted it so bad 'til it hurt  
Then you said  
"I could be so much more than I represent  
than to be content  
with a picture of a family that I've never met"

Someday give me strength  
The birds in my head fly away

Don't, don't go  
No need to run away  
Let the street signs guide me  
Don't, don't go  
No need to run away  
Let the street signs guide me

Hold on, don't back down

It's just another day  
Let the street signs guide my way  
Hold on, don't back down  
It's just another day  
Let the street signs guide me

Don't, don't go  
No need to run away  
Let the street signs guide me  
Don't, don't go  
No need to run away  
Let the street signs guide me

Don't, don't go  
No need to run away  
Let the street signs guide me
