Waiting with closed eyes
Waiting for the dark to fall
Smelling the danger
Listening to the final call

We are the ones who waited all our lives
We are the ones who searched in all times

Feeling the darkness
Feeling that our time has come
Choosing my weapon
Knowing this night will last long

We are the ones who waited all our lives
We are the ones who searched in our dreams of things
that ain't
Just what they seem

Bring out the brave tonight
And line them up before me
Join in the secret fight
The battle that will set you free
Bring out the brave tonight

And let everyone see
The rise of the holy light
The light that will set you free

Feeling the strong wind
Feeling your tears dry up
The waiting is over
This is the time to unite

We are the ones who waited all our lives
We are the ones who searched in our dreams of things
that ain't
Just what they seem

Bring out the brave tonight
And line them up before me
Join in the secret fight
The battle that will set you free

Bring out the brave tonight
And let everyone see
The rise of the holy light
The light that will set you free
