When all your wishes have come true
And you think there's nothing left for you
Take one more look and look real hard
Can you see it now?
Can you feel it now?
It's all there in your...dreams

Give me your hate
Give me your sorrows
And I will show you the other side
Give your pain
Give me your secrets

And I will take you to paradise

The never ending search for a life that you can't see
There is one more door to open and you have the key

Dreamer catch your own sun
You don't know what you got till it's gone
Dreamer it's not the time to run
You are almost reaching your own sun
Give me your fear
Give me your visions
And I will show you what's beyond the dark
Give me your lies
Give me your anger
And I will guide you to the light

The never ending search for a life that you can't see
There is one more door to open and you have the key

Dreamer catch your own sun
You don't know what you got till it's gone
Dreamer it's not the time to run
You are almost reaching your own sun
Dreamer catch your own sun
You don't know what you got till it's gone
Dreamer it's not the time to run
You are almost reaching your own sun
