Another sleepless night went by
Left me no memories
Where have I been
What have I done
I need to know

Watching the mirror terrified
I can't believe my eyes
A stranger covered up in blood
It just can't be me
It can't be me

No one knows my secret
No one out there can believe me
Hiding in the shadows
Hiding from the world
That feeds me

The dark is falling here
I hope there is no one near
I start to change into
Someone else
The haunt has began

(chorus)
It's nothing but the full moon
Keeping me awake
Touches my evil senses
Full moon puts your
Life at stake
You can't escape my hunger

All dressed up in anger

Try to find my running
Victims neck
Hunger keeps me going
I won't rest until
I get my hands on you

The dark is falling here
I hope there is no one near

I start to change into
Someone else
The haunt has began

(chorus)
It's nothing but the full moon
Keeping me awake
Touches my evil senses
Full moon puts your
Life at stake
You can't escape my hunger

Another sleepless night went by
Left me no memories
Where have I been what have I done
I need to know

(chorus)
It's nothing but the full moon
Keeping me awake
Touches my evil senses
Full moon puts your
Life at stake
You can't escape my hunger
