Staring out my window
Searching after life
Surrounding by a silence
I don't dare to close my eyes

Something is wrong out there
Something I can't see
There is time for one more priar
Then I really have to leave

(pre-chorus)
Under the early morning sky
When the black night fades away
I'm waiting for a sign
Killing the last trace of my doubt
Force the memories to leave
The time has come to give
Our final sacrifice

(chorus)
One more tear will fall
You can't save them all
We are running out of lies
our final sacrifice

One more tear will fall
You can't save them all
Watching the sun when she dies
our final sacrifice
Listen to the ocean
Listen to it's voice
Begging me to stay
But I don't have any choice

It's cold where I am
Getting colder every day
Now you have to listen
Cause I've got something to say

(pre-chorus)
Under the early morning sky
When the black night fades away

I'm waiting for a sign
Killing the last trace of my doubt
Force the memories to leave
The time has come to give
Our final sacrifice

(chorus)

One more tear will fall
You can't save them all
We are running out of lies
our final sacrifice

One more tear will fall
You can't save them all
Watching the sun when she dies
our final sacrifice
