Late last night 12:29 you were a social butterfly
But tonight you feel the pain
The club was packed you didn't hold back
Short skirt tight shirt to match
And through the crowd you saw his eyes
He had thoughts on his mind
At first you laughed about it 3 drinks later you found
out that
You were riding home with a stranger

Late last night 12:29 you were a social butterfly
But tonight you feel the pain
Well tonight it's 12:29 endless streams of tears you cry
You waited on me by the telephone line
'cause you gave yourself away

So now you sit there all alone silent by the telephone
Your minds wondering your wondering if u can ever be
yourself again
And all your friends would be proud of it
But deep inside you can't get around it
Last night you gave yourself away the sun didn't shine
bright today

Late last night 12:29 you were a social butterfly
But tonight you feel the pain
Well tonight it's 12:29 endless streams of tears you cry
You waited on me by the telepone line
'cause you gave yourself away and you wish that you
could get it back now full refund full exchange now
But my friend please rest asure there's a hope of love
despite of
When you wish that you could get it back now full
refund full exchange now
But my friend please rest asure there's a hope that love
despite of the fact that

Last night 12:29 you were a social butterfly
But tonight you feel the pain
Well tonight it's 12:29 endless streams of tears you cry
You waited on my by the telephone line

'cause you gave urself away
Yea you gave ur self aways
Tomorrows a new day
Well yea you gave yourself away
And make adjust to change
