The devil is coming closer  
He wants to collect his share  
Where can you find protection  
When he reaches you  
The cold wind is rising  
Freezes your blood to ice  
Paralyzed by a vision  
He will come

(pre-chorus)  
Be prepared  
Some one hears your voice  
She is on her way  
To rescue her child  
No we don't  
Ever lose our hope  
Let him know for sure  
Now is the time when she comes

(chorus)  
Speaking to our souls  
She's the strongest light you've seen  
The uncrowned queen  
It's time for her to claim the throne  
No one knows where she has been  
The uncrowned queen  
Of the night  
The darkness is he's kingdom  
He won't ever let it go  
But he's got an new opponent  
That soon will rule  
A shadow without an owner  
Loosing it's power now  
Crawling back to his den  
Now he's gone

(pre-chorus)  
Be prepared  
Some one hears your voice  
She is on her way  
To rescue her child  
No we don't

Ever lose our hope  
Let him know for sure  
Now is the time when she comes

(chorus)  
Speaking to our souls  
She's the strongest light you've seen  
The uncrowned queen  
It's time for her to claim the throne  
No one knows where she has been  
The uncrowned queen
