

Chasing Avalanche "Explain The Thought"

Visit "[Explain The Thought](#)" on MotoLyrics.com

I can't explain the way I feel inside
When you're not around
I can't explain the thoughts that fill my head
When you're not around

And all of the while
I let you go...

Take my heart
My name
Everything I got I give to you
Our hearts are the same
Everything I got I give to you

I can't explain the way I treated you
When you were around
I can't explain the things I said to you
When you were around

And all of the while
I let you go...

Take my heart
My name
Everything I got I give to you
Our hearts are the same
Everything I got I give to you

My wonder
My everything
Come back to me
