This van our van is getting way too small  
I can't find a good place in here to fall  
Help me help you answer the call  
Stay true to why we started it at all

This is the part of me I wish you could not see  
This is the hardest part of life on the big screen  
I'm not, we're not who you want us to be  
Stop, stop stop, stop stop looking at me

Tonight I wish I was alone  
Highway 76  
I'd feel better about myself  
Not watching over you  
This is the life I choose  
Don't let me off on an excuse  
You follow me, I'll follow you

I can't believe can't believe how long it's been  
Since we sold everything and left our friends  
Do you know, do you know  
I would never change anything

For all the promises  
(We didn't keep)  
For all the finish lines  
(We didn't reach)  
Somehow, someday  
I know we'll make it  
Become what we believe

Who's to say it's not the end  
Our final record, final breath  
With one last day is that all you would say?  
I'm so afraid of living  
When I'm unaware and unprepared  
There's so much left to say  
But when we stand before the Son of Man  
Will we hang our heads, will He understand?  
When it's all been said and done  
Was our race well run?

Tonight I wish i was with you  
Tonight I'm headed home  
Ready for another day,  
To become what I believe,  
This is the life I choose
