Will you remember your friends
Not only your girl
your words and all your values
Will you remember friends before her and the ones
who'll be there after
Maybe your wrong
Maybe your right
Maybe you should have some fun tonight
Without me
Cause your never gunna call

We haven't talked in weeks
Word on the streets
your holding lots of anger
And you've become a stranger
And you're pushing me away
Run out of time
Left me behind
And you're making plans without me in mind
I feel like
Your never gunna call

Don't know why I'll be there for you
Don't know why I'll be there for you
Don't know why I'll be there for you
Be there for you, i'll be there for you

Do you remember the time
Remember the place

Her face and how she said goodbye
We went around
Night on the town
head was spinning round and round
looked at her
looked away
what the hell were you to say
She's gone
And she's never gonna call

Don't know why I'll be there for you
Don't know why I'll be there for you

Don't know why I'll be there for you
Be there for you, be there for you

And now she's gone but I'm still here
I know you held her dearly
You moved on
still alive
that was hardly your demise
Now she's gone and I'm still here
You see clear, see clear

Don't know why I'll be there for you
Don't know why I'll be there for you
Don't know why I'll be there for you
Be there for you, be there for you
