From the first time that I laid my eyes on this girl
I knew she was the most beautiful girl in the world
Smooth skin with such a smile
She drives, she drives me wild again

When she walks into the room I look at nothing else
I think she needs to be more aware of her self
She's got some problems that I think she needs to work
out
She takes some coke so she doesn't have to think
about

Her self, her self

(You are) You are the most beautiful girl, the most
beautiful girl
(You are) In your heart you feel you're not

It don't look it but she's got a lot to think about
Shit goes up her nose and words like this just come out
"They think i think I'm better"

But they don't know the demons out to get her

And she breaks down, she breaks down

(You are) You are the most beautiful girl, the most
beautiful girl
(You are) In your heart you feel you're not
You feel you'll go nowhere, you feel out of place
You feel you're a shame you're a fucking disgrace

You're wasted like you wanna be
Cause you've got nothing else

(You are) You are
In your heart you feel you're not
You feel you'll go nowhere, you feel out of place
You feel you're a shame you're a fucking disgrace but
You are the most beautiful girl, the most beautiful girl
in the world
