"nothing is clear and I feel like I'm set up to lose?  
is there direction or am I just easily confused??  
people may say that there's a bright road that i'm  
going down  
but the beaten path is the only road that I have found,

and the voices come to me at night  
it's got gotta got to be criminal,  
its got gotta got to be gotta be,  
its got gotta got to be criminal  
to hate the life that you have come to know.  
its got gotta got to be criminal  
its got gotta got to be gotta be

and i'm not taking things for granted i'm taking a  
stance?  
things could end tomorrow so?i can't pass up this last  
chance?  
focus a picture that's so blurred?i can't make out a  
face  
i'll never lose sight of all the things that i can't  
replace.?

and the voices come to me at night  
it's got gotta got to be criminal,  
its got gotta got to be gotta be,  
its got gotta got to be criminal  
to hate the life that you have come to know.  
its got gotta got to be criminal  
its got gotta got to be gotta be

sometimes?i beat myself to death with these stupid  
thoughts?  
will?i be six feet deep to pay the cost??  
now I feel like I can bare the weight  
and make things right,  
and now I can beat myself in my fight.

it's got gotta got to be criminal,  
its got gotta got to be gotta be,  
its got gotta got to be criminal

to hate the life that you have come to know.  
its got gotta got to be criminal  
its got gotta got to be gotta be  
its got gotta got to be criminal  
to hate the life that you have come to know.  
criminal...criminal...
