nervously said hello
whats your name? im from long island
she said im from the same
i said thats nice yeah thats cool
i dont wanna be that bobbling fool
she had the illest perfume
couldnt remember its name
if cool were a sport she'd win every game.
and now i have another new belief
you stole my heart give it back you thief...

:: chorus ::
dont let this pass you by
cause you make me feel so fine
to me this is all new and i need to be with you
i am filled with fear are you being sincere?
i just need to know
cause ill never let you go....let you go..

when i look in her eyes thats whats real
thats how we know just how we feel
and in those moments when were alone
i never thought i could sing to such a beautiful tone
sometimes i feel like a child like i need some help

its at that point i knew i fell...and if i fell would you pick
me up
cause if i had only you would it be enough?

:: chorus ::
dont let this pass you by
cause you make me feel so fine
to me this is all new and i need to be with you
i am filled with fear are you being sincere?
i just need to know
cause ill never let you go....let you go..

cause im waiting just to know you
i dont know why
i need to know...you
cause im waiting just to know you
i dont know why

i need to know..you

:: chorus ::

dont let this pass you by

cause you make me feel so fine

to me this is all new and i need to be with you

i am filled with fear are you being sincere?

i just need to know

cause ill never let you go....let you go..
