and just wait as im sitting here alone
and its hard nowhere feels like home
and your waiting
to be who you are
or what you'll be

and time has been foe of mine for years
but time can dry up all your tears
and im waiting
to be who i am
and what i'll be

im sittin here and i think to myself
good-bye
good-bye
just another sad song about leaving yourself behind
good-bye
good-bye
its sad its so long
and its sad the beat change you

and don't fear for yourself

cause you got nobody else
and you wanted to be what you are
when you've seen it

im sittin here and i think to myself
good-bye
good-bye
just another sad song about leaving yourself behind
goodbye
goodbye
its sad its so long and its sad the feeling change you

you've got nothing
you've got yourself to blame
no return of empathy
you got to go again
with the same

good-bye

good-bye
just another sad song about leaving yourself behind
