"Goodbye To You"

Visit "[Goodbye To You](#)" on MotoLyrics.com

Mom I'll see you later
I'm going out with friends
I'll be back as soon as I can

We drove out to the hillside
Suntour through the sky
and man it felt so good to be alive

How were I to know these were the last words that I
would ever say

Chorus

Goodbye to you
Tell her to be Strong
Goodbye to you
'Cause life will go on
I love you all
Keep me in your heart
Keep me in your heart

I hope the ones who knew me
Knew just who I was
And that I did all those things for them just because

I wish I had a chance to tell them
How much it meant to have them there
And I miss you so much, god it isn't fair

How were I to know these were the last words that I
would ever say

chorus

Sorry I am gone
'Cause I know it hurts
Yes I know it hurts
This was not supposed to be my story

I thought I'd die old
I thought I'd die old
I thought that I would never die

I never thought it would be me(I never thought it would
be me)

Goodbye to you
Tell her to be strong
Goodbye to you
'Cause life will go on
I love you all
Keep me in your heart

Goodbye to you(How could I know that this is it?)
Goodbye to you(How could I know that this is it?)
(How could I know that this is it?)
'Cause you're here in my heart
