Nameless girl was her name  
Just another girl who didn't mean anything to me  
All these girls one night stands  
I'm not complaining, but I wish that it would end  
Start a new beginning with someone new

I want someone to get attached to  
I want someone to be by my side  
It's better to have loved and lost  
Than to have never loved at all  
Not at all, not at all

Nameless girl was her name  
Know what she looks like  
Know what she smells like  
It's all in my mind  
And when I think of her  
Contemplating what she says to me  
All because never stop and everyone was  
I want someone to get attached to  
I want someone to be by my side  
It's better to have loved and lost  
Than to have never loved at all  
Not at all, not at all

Nameless girl was her name  
Know what she looks like  
Know what she smells like  
It's all in my mind  
And when I think of her  
Contemplating what she says to me  
All because never stop and everyone was

I want someone to get attached to  
I want someone to be by my side  
It's better to have loved and lost  
Than to have never loved at all  
Not at all, not at all
