So shut your eyes now.
Tonight will bring you back home.
You shut your eyes now.
Cause you've been gone for so long.

(Tell me) Tell me there's something after.
(Show me) After the comfort here is gone.
(I'm leaving) So I am heaven bound now.
(Something) M-31 will guide me there.
I will find you.

So shut your eyes now.
Tonight will bring you back home.
You shut your eyes now.
Cause you've been gone for so long.

Cascades burn as they light the way to open hearts.
Celestial eyes unfold.
Map the stars from left to right as moments pass
miracle.
My eyes stay closed.

So shut your eyes now.
Tonight will bring you back home.
And I wait for so long...

Cascades burn as they light the way to open hearts.
Celestial eyes unfold.
Map the stars from left to right as moments pass
miracle.
My eyes stay closed.

A brilliant fading spinning off into the amber sky.
A gentle sting above horizons just to pass the time.
Keep a journal, a diary of what you see.
While embracing zero gravity.

Cascades burn as they light the way to open hearts.
Celestial eyes unfold.
Map the stars from left to right as moments pass
miracle.
My eyes stay closed.
