The only line I'm not completely sure about is "As a result" ..k thanks

Four years thrown away
She was content
To leave that day without sayin' a thing
No reason why
No goodbye
Til' this day I wonder why

Don't you hate the feeling when you know somethings
not right
You can't put a finger on it but you know someday you
might.
Well that's the story of my life with this girl I thought
was true.
Now it's running through my head and I don't know
what to do.

It's not me it's you, it's all your fault
I'm the one who gets through
As a result
Tonight your with him and im all alone
All by myself

Once my girl had told me that she'd met someone else
I realized that she had never felt the way I felt
I was lost for words but there was so much I could see
I never thought it would end, end this way

It's not me it's you, it's all your fault
I'm the one who gets through
As a result
Tonight your with him and im all alone
All by myself

Break my heart in two x3
Thats what you love to do
Break my heart in two x3
Thats what you love to do

It's not me it's you, it's all your fault
I'm the one who gets through
As a result
Tonight your with him and im all alone
All by myself

All by myself
