She smiled as a tear ran down her cheek  
She left for Chicago before we got a chance to speak  
Im left here to carry on alone  
Twenty-four seven spent here waiting by the phone.

Im lost in my thoughts at night  
dream of her and others in my time

just like that she walked away  
running from mistakes i made  
All i ask of her  
please grant me a second chance  
this time i will make it last  
just dont runaway.

Runaway  
Runaway

shes patient at the best of times  
always first to call the shots, first to draw the line  
but when i told her what id done  
everything just fell apart she felt forced to run

Im lost in my thoughts at night  
dream of her and others in my time

just like that she walked away  
running from mistakes i made  
All i ask of her  
please grant me a second chance  
this time i will make it last  
just dont runaway.

if i could hold your hand right now  
you know i would  
if i could talk to you right now  
you know i would

please write to me and let me know  
how things are treating you  
i promise to write back

and let you know how bad i feel.

Im lost in my thoughts at night  
dream of her and others in my time

just like that she walked away  
running from mistakes i made  
All i ask of her  
please grant me a second chance  
this time i will make it last  
just dont runaway

runaway...

runaway...

runaway...

runaway...
