Subject A: The Girls  
The shape and essence swirled  
Ready to grow straight up  
It's never soon enough

But for me  
It's not happening  
Listen to me  
It's not happening

[This is why I don't cry]

Subject B: The Girls  
Wired to rule the world  
Needle-pointed eyes  
They cut me down one size

It's time for a compromise  
So we leave it undefined  
They tell me to wait in line  
Then speak an absent mind oh

It's not happening  
Say you agree  
It's not happening  
Listen I plead

[This is why I don't cry]
