Suicide is in my blood
It always was
It doesn't evaporate in the light anymore
This world is no place for a mind, or a thought
No it's not, but that's been said before

Space and the woods still know (still know) who I am
I know they don't owe me anything
Not after what I've done

I'm shit hot so say what you think about me
I'm not going to cry 'cos I don't care (x2)

I've done nothing
I've done nothing
But they forgive anything
Like how I won't stop you braking my arms
And chopping me, chopping me down
So I fit in your laptop

I've done nothing
