Sunrise
Following our goodbyes
Following a night
Like you, disappear too soon

But it stays
Hear it in the morning waves
Spinning from the night with you
Underneath the half moon

Close my eyes
And you'd still be here with me
Close my eyes

The sunrise comes too soon

So I lay
Lounging through an endless day
Dreaming of tonight with you
And everything we'd do

It's just time
From mundane to sublime
From waiting for tonight with you
Underneath the half moon

Close my eyes
And you'd still be here with me
Close my eyes

Well I might come over
Just to tide me over
'Cause the waiting might kill me
If I don't come over

Why does time move slowly
When I'm not with you
And the sunrise comes too soon
