There is a little part of me
That wants the best for you
Can't help but wish the best was me

Coquette I bet you'd say I am
A vixen ripe for play
You sound so sincere when you say

I'm an open book
Despite my puzzled look
And coax me to confess
To all I never meant

This is the absolute last time
You'll fall in love with me
I nod my head like I agree

If I'm a siren in the night
You aim in vain to fight
I'll fasten up my eyes
And feign a mild surprise

If I'm a siren in the night
You aim in vain to fight
I'll fasten up my eyes

And feign a mild surprise

You're free
But if you need me
I'll be here always

You say jump, I say how high
You say leave, I say goodbye

You say jump, I say how high
You say leave, I say goodbye

You say jump, I say how high
You say leave, I say goodbye

You're free

But if you need me
I'll be here always

I'm free
Here always
