I am ever pressing blood, swimming slowly through  
these veins  
And this life's, dragging on, and it's driving me insane  
It's driving me insane, out luck, out of love, and I  
crashing through these tears  
And this life's, dragging on yet, it dragging out these  
fears

Chorus:  
So beak the silence (4 xs)

I am ever pressing blood, swimming slowly through  
these veins  
And this life's, dragging on, and it's taking out this  
pain, it's taking out your pain  
You and me, me and you, yet were going now where  
fast  
And this life's, dragging on, yet it's bringing out this  
past

Chorus:  
So beak the silence (4x)

Bridge:  
Break this silence, this violence, this silence is violence  
Break the silence; Break the silence (2 xs)

I am ever pressing blood, swimming slowly through  
these veins
