Verse 1 Redemption is the key
Walk over me
I'm not smiling
It seems like all is lost
Just take this cost
And keep on trying

Chorus 1 You're crawling all over me I begin to believe
you're still here
I'm washing my hands of this, you're making me made
as shit
It's perfectly clear

Verse 2 Forgiveness seems to be
The way for me
Yet I'm not smiling
It seems like all is lost
Just take this cost
And keep on trying

Chorus 2 You're crawling all over me I begin to believe
you're still here
I'm washing my hands of this, you're making me made
as shit
It's perfectly clear

Chorus 3 You're crawling all over me I begin to believe
you're still here
I'm washing my hands of this, you're making me made
as shit
It's perfectly clear

here
I'm washing my hands of this, you're making me made
as shit
It's perfectly clear
