Verse A:

You can take me away.
Between the hills.
What are we gonna play, tonight.

Glowing eyes show desire.
A scene that kills.
Ready to set on fire, ignite.

Verse B:

Thirsty lips wanna taste.
The juicy fruit.
'Cause there's no time to waste, my dear.

Runnin' sharp in slipstream.
A nice pursuit.
Just to boil at extreme, next gear.

Verse C:

Softly wonders your smile.
What you will get.
Silent look for a while, you dream.

Twistin' round you're in touch.
Electric sweat.
If you like it so much, then scream.

Chorus:

Strip your clothes, you dirty baby.
Body blows, above the skin.
Move your toes, you dirty baby.
Shiver flows, it's worth a sin.
